

October 6

Older bear with younger fawn
Sometimes the everyday world
Can be wonderfully predictable
And meanwhile it is raining men
With a truly fabulous echo
The glories of the eighties
Lyrics prevent images
Allow me said the waiter
I really am an expert pourer
Right and I am only Plain Wayne
That painting has two great colours
But I really need to add a third
So I squeeze a few drips onto the canvas
Because my online name is Jack The Dripper
Suchj a name how ordinary
Is data content
Is data con-tent
Am I seeing pipelines
Or am I seeing space suits
My painting needs a third
Your wardrobe needs a third
I'm his heir you're his hair
Madonna Michael Prince
Soft Cell but where is Grace
Lyrics prevent images
The whiskey and Malone
They make themselves at home
Pee slow Sweet Marriott
That painting does not need a fourth
